

Salvation- what a concept! What is the real concept or the idea of the word Salvation? Father, can it be received, here and now or only in the after life? If I were looking for a word, concept or idea most important in my life both physically and spiritually; would it be Salvation?

In Webster's dictionary it means an act of saving from harm or loss. In the Bible (Your Word), it states it is deliverance from the power and penalty of sins or a means of being saved. Saved according to Mr. Webster is being rescued from danger, harm, and lose or set aside. Another word for Saved in the Bible is Hosanna. Other words used for save could be escape, renewal or protection. So! - Salvation is a noun, verb, adjective or adverb; a complete word with an all encompassing concept or meaning.

Father, is salvation a means or a means to an end; to being saved? People are constantly searching for a means to be saved. How are we saved? Paul was saved from a shipwreck. The disciples were saved from being drowned. Elijah was saved from dying from famine. Your people are saved from car wrecks, disease, self-destruction, and other earthly calamities; but what happens when we are not saved from car wrecks, accidents and disease? We stop living!!! The End!!!

That was not good enough for You, was it, Lord? Scriptures says You sent a Savior for when we stopped living-Your Son. All we have to do is believe the concept, have faith in it, and trust it. A means to an end. In other words "Live Forever"! Thank You Jesus!

Your son,
