

Father, help us to realize wherever we go, whatever we do, and whatever happens; it wasn't by accident. Wherever we go You are sending us. Wherever we are you have put us there, You have a purpose in having us there. Remind us Your Son, Jesus, indwells and has something He wants us to go through.

We travel down many roads in our lifetime. Roads of sadness, pain, helplessness, loneliness, and hurt. We thank you Father, for sending vehicles of caring, forgiveness, encouragement and love to go the way with us. And when it is time to go a different direction; we thank you for the vehicles we leave and pray to discover others to help us down this different road.

All of us Lord have insecurities; even the most outwardly confident people we know. Quell our fear of being unloved and alone with no direction. Help us to understand we are not wrong to think we desperately need to be loved. We Do! But we are wrong to think we can make anyone love us the way we need to be loved.

Whether we seek to have our Cup filled through approval, affirmation, control, success, or immediate gratification; we are miserable until something is in our Cup. David said it best, "Let the morning bring me word of Your unfailing love, for I have put my trust in You. Show me the way I should go, for to You, I lift up my soul." Help us not to fill our Cup with useless things. For if during the day anything else is offered it could just be the overflow of an already full Cup.

Thank you Father God, for being wherever we are and give us the faith to dwell with You in that space of time.

Your son,

Larry D
